Applicant/Owner Authorization:

I (we) understand that if this Revocable Permit is granted by the Mayor or their designee, I (we) will be required to comply with all provisions in accordance with the Use and Occupancy of Public Property in the Code of the City of Colorado Springs, 2001 as amended, including evidence of current liability insurance in the name of the licensee with the City of Colorado Springs also named as an insured, if applicable. I (we) agree to be responsible for any and all damages to property or injury to persons arising out of the exercise of the permit or the construction, installation or maintenance of any device or structure. I (we) agree to indemnify and save harmless the City, its Enterprises and all its officers, agents and employees from all suits, action or claims of any type brought for or on account of any injuries or damages received or sustained by any person or property related to the exercise of the permit, any act or omission of the permittee, the permittee's agents or employees, or the failure of the permittee to maintain the structure or device or to provide necessary safety devices. I (we) agree to defend against any suit, action, or claim and pay any judgement with costs, which may be obtained against the City, its Enterprises, its officers, employees or agents growing out of the injury or damage. I (we) agree to maintain the permitted facilities throughout their operation and to provide location information of the permitted facilities as may be needed for future improvements.

REVOCABLE PERMIT REVIEW CRITERIA:

Applications for a Revocable Permit must meet all of the criteria listed 3.2.213.F in the City code before an application can be approved. These criteria are as follows:

The following conditions as well as the other conditions shall apply to each of the structures and devices.

1. No device or structure shall be so located or used so as to:
 - a. Interrupt the normal flow of vehicular or pedestrian traffic;
 - b. Interfere with the public's normal use of the public property upon which the structure, device or use is permitted, such as the overhang diagonally parked automobiles or the door-opening radius of parallel parked automobiles;
 - c. Interfere with any other device or structure lawfully existing thereon, such as parking meters, water meters, curb cuts, bus stops, etc. The device, structure or use shall not occupy more than one-fifth (1/5) of the width of any paved sidewalk. Whenever possible, devices and structures shall be installed on unpaved or unused areas of sidewalks or in connection with other devices or structures already installed which break the flow of pedestrian traffic.
2. Any device or structure shall be installed in such a manner so as to prevent it from being dislodged by any natural force such as wind or any man-made force such as an act of vandalism.
3. Devices and structures permitted shall be so constructed as to reduce so far as is feasible sharp edges or protrusions that could cause injury to persons or damage to property. Devices and structures shall be easily visible and recognizable with regard to the available light from street lighting and light emanating from adjoining property during periods of darkness.
4. Devices and structures shall be installed so as to eliminate the collection of litter under and upon the same insofar as possible, and to facility cleaning of the adjacent area of litter and snow.
